Hebrews 10:25 says:

"Not forsaking the assembling of yourselves together..."

You should attend church. In church you gain the support of other believers. You are also a support to them, even though you are still young in the Lord. Church is also a good place to go to and worship God with other believers. Avoid the tendency to jump from one church to another as this will cause you to be unstable. Committing to a local body will enable you to connect with others in relationships that will facilitate the growth you need.
